My Passport is the trusted, portable storage that perfectly complements your on-the-go lifestyle. Designed to fit in the palm of your hand, there's plenty of space to store a massive amount of photos, videos, music and documents. Perfectly paired with WD Backup software and password protection, the My Passport drive helps keep your files safe.

- Auto backup with included WD Backup™ software
- Password protection with hardware encryption
- Reimagined design
**Product Features**

**Back Up Automatically**
The My Passport drive comes equipped with WD Backup software to help make sure your photos, videos, music and documents don’t get lost. You can set it to run automatically to your schedule. Just pick the time and frequency to back up important files from your system onto your My Passport drive.

**Password Protection with Hardware Encryption**
The My Passport drive’s built-in 256-bit AES hardware encryption with WD Security™ software helps keep your content private and safe. Just activate password protection and set your own personalized password. You can also add a “return-if-found” message as the password prompt to help your My Passport drive find its way back to you if it ever accidentally gets lost behind.

**Reimagined Design**
The sleek, vibrant design of the My Passport drive comes in a wide range of bold, beautiful colors so you can pick the one that matches your own unique, personal style.

**Easy to Use**
My Passport portable storage is ready to use out of the box so you can start transferring files, saving your memories and backing up. It comes with all the software you need to help protect all your data, including WD Backup and WD Security software.
