# HP ProOne 600 G2 21.5-inch Non-Touch All-in-One PC

Sleek design and commercial-class features come together in the HP ProOne 600 All-in-One. Performance, security, and manageability remain the foundation of this PC developed to be a sleek and easily deployed core asset for your business.

- Windows 10 Pro[1]
- Screen Size: 21.5" diagonal

Sleek, modern design
Featuring extensive cable management and sleek design, this AiO suits the front desk or an executive's office.

Tower power
New 6th Gen Intel® Core™ processors[3] bring high end processing power to the AiO with powerful tower-like performance.

Security inside and out
Help keep your PC safe with optional security accessories[2] to deter theft and stay up and running with business-class security solutions, including TPM, HP BIOSphere[4] and HP Client Security.[5]

Executive-class collaboration
Interact naturally with your PC using Cortana[6] on Windows 10 Pro.[1] Enjoy impressive collaboration tools like Skype for Business[7], HP Noise Reduction Software, and a 2 MP HD webcam.

Featuring
- Reduce the complexity of administration. Windows 10 Pro[1] manageability features, HP Touchpoint Manager,[8] and HP Common Core BIOS help you easily manage assets.
- Easy access to critical parts, rigorous testing, and HP temperature control technology helps ensure your AiO withstands tough work environments.
- Pair this space-saving AiO with the stand option[2] to fit your workspace and use case.
- Help suppress ambient noise including keyboard clicks with HP Noise Reduction Software.
- Make conferencing from your PC as simple as the touch of a button with the optional HP Conferencing Keyboard.[2]
- Get the same HP configuration across the globe, available in more than 180 countries where HP conducts business.
- HP BIOSphere[4] and HP Client Security[5] help keep critical data and systems protected with customizable security.

Power	160 W, up to 90% efficient, active PFC
Dimensions	20.9 x 2.3 x 14.63 in (Without stand) 531.45 x 58.7 x 371.8 mm (Without stand)
Weight	Starting at 14.05 lb (Weight without stand. Exact weight depends on configuration.) Starting at 6.38 kg (Weight without stand. Exact weight depends on configuration.)
Environmental	Low halogen [16]
Energy Efficiency Compliance	ENERGY STAR® certified and EPEAT® registered configurations available [15]

HP ProOne 600 G2 21.5-inch Non-Touch All-in-One PC

Accessories and services (not included)

HP Single Monitor Arm

The HP Single Monitor Arm is the perfect desk accessory for your work life. Sleek and streamlined, the HP Single Monitor Arm is designed to complement the way you work.
Product number: BT861AA

HP Quick Release Bracket

HP Quick Release is an easy to use, 100 mm VESA-compliant, LCD monitor mounting solution that allows you to quickly and securely attach a flat panel monitor to a variety of stands, brackets, arms or wall mounts. HP Quick Release can also be used for mounting any combination of devices that are compatible with the 100 mm VESA Flat Display Mounting Interface Standard. The failsafe "Sure-Lock" mechanism snaps the monitor (or mounted device) securely in place, and can be further secured with a theft-deterrent security screw.
Product number: EM870AA

HP 3D 256GB SATA Solid State Drive

Expand the storage capabilities of your desktop with the HP 3D 256 GB SATA SSD[1], which includes 3D VNAND flash for impressive read/write performance and reliability plus the same solid performance you already get from current from SSD drives.
Product number: N1M49AA

HP USB Conference Keyboard

Drive your Microsoft Lync voice and video calls directly from your HP USB Conference Keyboard and connect, disconnect, and manage your calls and videoconferencing settings with simple dedicated keys[1].
Product number: N8N57AA

HP 8GB SODIMM DDR4 Memory

Boost the capabilities of your HP Business Desktop PC and improve system performance and application responsiveness with low-power, high-speed DDR4 memory from HP.
Product number: P1N54AA

Messaging Footnotes

[1] Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See http://www.microsoft.com.
[2] Sold separately or as an optional feature.
[3] Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and on your hardware and software configurations. Intel's numbering is not a measurement of higher performance.
[4] HP BIOSphere features may vary depending on the PC platform & configuration.
[5] Requires Windows.
[6] Cortana experience may vary by device, region. Some features including voice supported Cortana, inking, and Continuum require more advanced hardware. See www.hp.com/go/windows10upgrade. Apps sold separately.
[7] Skype for Business subscription required.
[8] HP Touchpoint Manager requires purchase of a subscription and supports Android™, iOS and Windows 7 or higher operating systems and PCs, notebooks, tablets and smartphones from various manufacturers. Not available in all countries see www.hp.com/touchpoint for availability information. Third party management software sold separately.

Technical Specifications Footnotes

[1] Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See http://www.microsoft.com
[2] This system is preinstalled with Windows 7 Professional software and also comes with a license and media for Windows 10 Pro software. You may only use one version of the Windows software at a time. Switching between versions will require you to uninstall one version and install the other version. You must back up all data (files, photos, etc.) before uninstalling and installing operating systems to avoid loss of your data.
[3] Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering is not a measurement of higher performance.
[4] For storage drives, GB = 1 billion bytes. TB = 1 trillion bytes. Actual formatted capacity is less. Up to 16 GB (for Windows 7) and up to 36 GB (for Windows 8.1 and 10) of system disk is reserved for system recovery software.
[5] Duplication of copyrighted material is strictly prohibited. Actual speeds may vary. Double Layer media compatibility will widely vary with some home DVD players and DVD-ROM drives. Note that DVD-RAM cannot read or write to 2.6GB Single Sided/5.2 Double Sided-Version 1.0 Media.
[6] With Blu-Ray drive XL, certain disc, digital connection, compatibility and performance issues may arise, and do not constitute defects in the product. Flawless playback on all systems is not guaranteed. In order for some Blu-ray titles to play, they may require an HDCP path and HDCP display. HD-DVD movies cannot be played on this BDXL Drive.
[7] Wireless cards are optional or add-on features and requires separately purchased wireless access point and internet service. Availability of public wireless access points limited. The specifications for the 802.11ac WLAN are draft specifications and are not final. If the final specifications differ from the draft specifications, it may affect the ability of this desktop PC to communicate with other 802.11ac WLAN devices.
[8] HD content required to view HD images.
[9] Optional or add-on feature.
[10] HP ePrint requires an Internet connection to HP web-enabled printer and HP ePrint account registration (for a list of eligible printers, supported documents and image types and other HP ePrint details, see www.hp.com/go/businessmobileprinting).
[11] Microsoft Security Essentials requires Windows 7 and internet access.
[12] Miracast is a wireless technology your PC can use to project your screen to TVs, projectors, and streaming media players that also support Miracast. You can use Miracast to share what you're doing on your PC and present a slide show. Miracast is available for Windows 8 and Windows 10. For more information: http://windows.microsoft.com/en-us/windows-8/project-wireless-screen-miracast.
[13] Models configured with Intel® Core™ processors have the ability to utilize advanced security protection for online transactions. IPT, used in conjunction with participating web sites, provides double identity authentication by adding a hardware component in addition to the usual user name and password. IPT is initialized through an HP Client Security module.
[14] This product ships with TPM 1.2 with option to upgrade to TPM 2.0. Upgrade utility is expected to be available by the end of 2015 via HP Customer Support.
[15] EPEAT® registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status by country.
[16] External power supplies, power cords, cables and peripherals are not low halogen. Service parts obtained after purchase may not be low halogen.
