Innovative, ergonomic accessory solutions for any work environment keep you powered up and connected on the fly. HP accessories are rigorously tested to work with HP business notebooks and tablets. Enjoy plug & play simplicity for on-the-go productivity. Rely on business-class testing standards for high performance. Get peace of mind with HP award-winning service and support.

# HP Adapter Solutions

Be productive wherever you work best with HP power adapters. Whether you want something compact to carry, have a unique travel situation, or would just like another AC adapter for the office or home, HP offers an adapter for almost every computing situation.

## AC Adapters

### Expand your mobile office productivity

AC adapters from HP power your notebook and charge the internal battery simultaneously. These adapters provide you with the ability to power your notebook when away from the office or on the road. As a notebook user, you may also need your adapter to be as flexible as your business notebook. Be productive on the go throughout the day with versatile power solutions for office work or business travel.

## Standard Smart AC Adapters

HP Smart AC adapters are great as a needed back-up for use with your HP Business Notebook, HP Ultrabook, HP Mini, HP Tablets and Docking Station. Built-in surge protection helps guard your product by regulating power and offsetting electrical spikes.

## Specialised Travel Adapters

Perfect for international travellers or “road warriors” who are always on the go.

Four international adapter plugs (U.S., EU, Japan, and UK) help make sure your travel adapter works wherever your work takes you. Convenient USB port charges other accessories while you work.

Designed for convenient and portable use on the go, the adapter is 40% thinner than the standard 65W adapter, includes swappable tips to connect to a range of HP notebooks and Ultrabooks™, and an integrated USB port for conveniently charging other peripherals.

Minimise clutter and carry one adapter instead of multiple adapters when you travel. Slim and lightweight, it's a perfect travel companion that fits easily into your notebook carrying case. Integrated USB port makes it convenient to charge your phone, tablet, or other mobile device. Enjoy compatibility with three interchangeable tips to connect to your business notebook or Ultrabook™. DC and AC power cables deliver increased flexibility for use on the road, in the office, at home, or on an airplane.
