**Even Cooling** 

Multi-Air Flow Cooling uses multiple air vents along with deluxe shelving to ensure that an equal amount of chilled air reaches each shelf for quick and uniform cooling. This keeps your food fresh longer.

### **Environmentally Friendly**

Energy Star® rated, which means it uses at least 20% less energy than required by current federal standards.

#### **Peace Of Mind**

When you buy a refrigerator, you don't want to worry that it won't last. Because the Linear Compressor motor uses fewer moving parts and operates more efficiently, LG confidently backs the motor with a 10-year warranty.

**Call, Connect, Resolve**SmartDiagnosis™ uses self-diagnosing technology that can communicate 24/7 with LG customer service over the telephone providing you with comfort and reliability.
