## Great Space in Style

Get the space you need in a refrigerator that's right for your kitchen. With 20 cu.ft. of space, this top mount refrigerator offers a large capacity in its category at 30" wide.

## Fresher is Better

Our Smart Cooling Plus System, enabled by LG's exclusive Linear Compressor motor maintains the optimal humidity and temperature levels in your fridge, which means your food stays fresher, longer. Meanwhile, a Fresh Air Filter removes odours and the Multi-Air Flow design means your food stays fresh no matter where you put it.

## Premium LED Light

Bright LED panels on the rear of the refrigerator give you excellent light every time you look in the fridge. And they're not just convenient – they also save energy over traditional lighting.

## Environmentally Friendly

Energy Star® rated, which means it uses less energy than required by current federal standards.

## PRODUCT FEATURES

CAPACITY	
Refrigerator	14.7 cu.ft.
Freezer	5.5 cu.ft.
Total	20.2 cu.ft.
FEATURES	
Energy Star	•
Energy Consumption	471 kWh/Year
