9.0 cu.ft. MEGA Capacity TurboSteam™ Dryer™ with EasyLoad™ Door

## THE HEAVYLOAD CHAMPION.

Think loading and unloading those mega-sized loads will leave you ready to throw in the towel? Think again—the flexible LG EasyLoad™ door opens hamper-style to load wet clothes, then swings to the side for easy unloading. Even heavyweight loads are no match for the 9.0 cu. ft. capacity, which handles a king-size comforter and a full set of bedding in a single load. And keep favorite clothes in tip-top shape with the new TurboSteam™ option that knocks out everything from odors and wrinkles to those annoying hanger bumps in just 10 minutes—right in the dryer.

### SPECIFICATIONS

- 9.0 cu. ft. Ultra Large Capacity with NeveRust™ Stainless Steel Drum
- 14 Drying Programs
- 5 Temperature Settings

### STYLISH DESIGN

- Electronic Control Panel with LED Display and Dial-A-Cycle™
- Touch Buttons

### KEY FEATURES

#### MEGA Capacity

When it comes to laundry capacity, big is good, bigger is better, but biggest is best. With **9.0 cu ft of mega capacity**, now you can fit a king size comforter and full set of bedding in a single load! You'll definitely have more room to dry.

#### EasyLoad™ Door

Introducing a new way to do laundry... your way! Choose to **open the dual-opening dryer door either vertically or horizontally**, depending on load type, size or convenience. Easy In. Easy Out.

#### TurboSteam™ Technology

You grab your favorite shirt from the closet only to find that the hanger has left indelible imprints on each shoulder. What to do when there's no time to wash? LG TurboSteam™ technology to the rescue. Toss the shirt in the dryer, turn on TurboSteam™ and in just 10 minutes your shirt is back in tip-top shape. Also helps refresh fabrics and reduce wrinkles in half the time of other steam settings.
