Great espresso and the real taste of filter coffee

Always from fresh beans

In the mood for your morning classic coffee, or up for a strong espresso? The unique CoffeeSwitch allows you to swap from espresso to classic coffee for those who like filter coffee, both from fresh beans, at the flip of a lever.

A variety of coffees customized to your taste

- Enjoy 4 beverages at your fingertips
- Delicious milk froth thanks to the classic milk frother
- Adjust the length, 2 aroma strength and 5 grinder settings
- Decaffeinated with equal zest with the Powder Option

Your fresh coffee experience

- 100% Ceramic grinders for long lasting performance
- Espresso & classic coffee thanks to the unique CoffeeSwitch
- Adjust your coffee spout to fit any cup
- Hot coffee from the first cup with the quick heat boiler

Enjoy your coffees every day with no hassle

- Easily operate your machine via the intuitive display
- Designed to maximize capacities in a compact footprint
- "Enjoy a great coffee with Auto-Rinse & guided descaling "
- Thorough cleaning thanks to fully removable brewing group

PHILIPS

Highlights

100% ceramic grinders

Ceramic material ensures long-lasting performance and silent operation while not deteriorating. This means your coffee will be always ground like the first time, delivering the best of your beans for more than 15.000 cups.

4 beverages

Enjoy your favourite drinks for your special moments. Whether you crave for an espresso, a coffee or a milk based recipe, your Super-automatic machine delivers a perfect in-cup result with no hassle and in no time!

Adjustable coffee spout

The adjustable spout on our espresso machines will fit every cup and thus prevents the coffee splashing or cooling down while pouring in your cup. This way your espresso is always served at the right temperature while maintaining a clean machine.

Auto-Rinse & Guided descaling

This espresso machine automatically cleans its coffee circuit with water upon starting up or switching off of the machine, this delivers a great, fresh taste with each cup of coffee. Regular descaling prolongs your espresso machine's life. This machine will prompt when descaling is needed. It will guide you with on-

screen messages what you have to do and when.

Classic milk frother

The Classic Milk Frother, which baristas also call Pannarello, dispenses steam to help you easily prepare soft milk foam for your cappuccino. Unleash your inner barista by preparing your delicious milk specialties the traditional way!

CoffeeSwitch

Finally the real taste of filter coffee from a full automatic espresso machine! Enjoy your classic morning coffee or your strong espresso by simply pulling the lever. The unique CoffeeSwitch allows you to choose the perfect type of coffee for any moment or mood, from freshly ground beans.

Customize your coffees

This Super-Automatic machine offers an abundance of indulgent options to customize your beverage to your taste. You can easily personalize and memorize length, strength and temperature for each drink. Feel free to explore, experiment and dream up any drink!

High capacity & compact design

Enjoy more room and go longer without refill thanks to the high-capacity bean, water, and waste containers in a super-compact design. This smart, super-automatic machine provides you with maximum convenience and top notch performance thanks to a large capacity water tank, bean and waste container.

Intuitive Display

The intuitive display shows you all relevant information to easily interact with your machine and get the best performance. The icons will guide you through all customisation options and important maintenance activities.

Powder Option

Sometimes it's nice to have the option of a full-bodied, delicious coffee, without the caffeine kick. Thanks to the Powder Option you can make decaffeinated coffee whenever you please.

Quick Heat Boiler

Say goodbye to lukewarm coffee. The Quick heat boiler ensures a hot coffee and cappuccino for you family from the first cup, in no time. The secret is in its light aluminum and stainless steel body, which can reach hot temperatures, fast.
