Highlights

Coffee Boost technology

Coffee Boost technology disperses the hot water, via 45 aroma nozzles, evenly through each SENSEO® coffee pad. Get the most out of your coffee pad for the best tasting SENSEO® coffee.

1 or 2 cups at the same time

Prepare 1 or 2 cups of your delicious SENSEO® coffee in less than a minute.

Easy removable water container

Senseo Quadrante has an easy removable 1.2 L water container, which is positioned on the side.

Delicious coffee crema layer

The fine SENSEO® coffee selection and the unique SENSEO® brewing system make sure that your perfect cup of coffee always comes with a rich and delicious coffee foam layer - proof of premium taste and quality.

Adjustable drip tray

By raising or lowering the drip tray you can adjust your Philips SENSEO® coffeemaker to the size of your favorite cup or mug.

Automatic shut-off

The SENSEO® coffee maker automatically shuts off after 30 minutes after making coffee, for energy cost saving and appliance safety.

One touch coffee

Coffee at the tuch of a button

Unique brewing system

At SENSEO® we know how to get the best out of the coffee bean to make great tasting single serve coffee. The operation of the SENSEO® system is simple and brilliant. Water is pumped from the boiler to the coffee pad. The hot water releases the aroma from the pad and gives a perfect cup of coffee. SENSEO® always offers you quality that you can taste.

Variety of blends and flavors

SENSEO® has a vast variety of different coffee blends and flavors. Each blend has its own distinctive taste to fit your personal preference.

Machine is tested >10.000 time

Philips tests their coffee makers during the development process for more than 10.000 cups of coffee. This ensures high quality and durability
