# Highlights

## 5-steps adjustable grinders

When it comes to the fineness of the grind, this machine never fails to satisfy. Different coffee blends require different levels of granularity for the full flavor to unfold. So the grind granularity of this machine has five adjustable settings - from the finest grind for a full-bodied espresso, to the coarsest for a lighter coffee.

## 100% Ceramic grinders

The robust 100% ceramic grinders guarantee a moment of pure coffee indulgence for years to come. The ceramic material creates the ideal grind, which allows the water to flow through steadily, extracting the purest essence of the beans. And unlike other 'regular' grinders, the

ceramic material prevents the coffee from overheating and tasting burnt.

## Removable brewing group

Efficiency and ease of use were key inspirations when Saeco invented the first brewing group 30 years ago. And to this day, it still proves to be an inspired, resolute piece of technology. As always, it's so simple to clean – just remove it and wash it under the tap for a few seconds, then re-insert it just as easily.

## Memo Function

Once you've chosen your ideal strength from the 5 different settings, you can easily save it with the Memo Function, as well your desired length and temperature. Then every cup in the

future will be customised exactly to your taste. You'll never have to remind it again, unlike the local barista.

## Classic Milk Frother

The Classic Milk Frother is for those who love to assume the role of master craftsman, and it's just easy. Within seconds you can create a rich, silky layer of foam - the crowning glory of your coffee.

## Philips Green Logo

Philips Green Products can reduce costs, energy consumption and CO2 emissions. How? They offer a significant environmental improvement in one or more of the Philips Green Focal Areas – Energy efficiency, Packaging, Hazardous substances, Weight, Recycling and disposal and Lifetime reliability.

# Specifications

## Technical specifications

- Pump pressure: 15 bar
- Capacity bean container: 290 gr
- Capacity waste container: 15 servings
- Max. cup height: 142 mm
- Water boilers: 1
- Voltage: 230 V
- Frequency: 50 Hz
- Cord length: 0.8 m
- Capacity water tank: 1.9 l

## Sustainability

- Power consumption brewing: 1850 W

## General specifications

- Cups at the same time: 2
- Compatible coffee serving: Whole coffee beans, ground coffee powder
- Type of carafe: Basic carafe
- Type of boiler: Quick heat boiler
- Special functions: Ceramic grinder, Manual milk frother Pannarello, Steam option, Pre-brewing, Hot water option
- Ease of use and comfort: Adjustable spout, Automatic stand-by

- Ease of cleaning & maintenance: Automatic descaling cycle, Removable brewing group, Optional Brita water filter, Automatic rinse cycle
- Coffee drinks: Espresso, Cappuccino, hot water, Café Crème, frothed milk, Espresso Macchiato, Latte Macchiato

## Finishing

- Material of main body: Plastic
- Material pannarello: Stainless steel
- Material water tank: Plastic

## Country of origin

- Made in: Europe

## Service

- 2-year guarantee

## Weight and dimensions

- Weight of product: 8.5 kg
- Dimensions of product (WxDxH): 256 x 470 x 350 mm

## Design

- Color: Black & Metal
