Highlights

Drip-stop system

The Drip Stop system of your Philips steam iron lets you iron delicate fabrics at low temperatures without having to worry about stains from water droplets.

Extra-large water inlet

With the extra-large water inlet, adding water to your iron is quick and easy. It only takes a few seconds, and there's no more risk of spilling water everywhere!

Extra-long cord

With the extra-long cord, you can easily reach right up to the edges of your ironing board - and further!

Highly visible water level

The extra-clear indicator of your Philips iron, makes the water level highly visible, so you always know if you have enough water at a glance.

Pointed tip

The uniquely pointed tip allows you to iron even the hardest to reach areas.

SteamGlide soleplate

SteamGlide soleplate is the best Philips soleplate for your steam iron. It has great scratch resistancy, glides excellent and is easy to clean.
