

# WD TV<sup>®</sup> Live Hub<sup>™</sup> Media Center

**Store and play  
all your media**

Your entire media collection in one place

Endless entertainment on your TV

Upload media from your smartphone

The most entertaining media player and drive in one. Stream the latest movies, hit shows, online entertainment, live TV, plus your home videos and photos in Full-HD 1080p. And with a 1 TB built-in hard drive, you can store and play your entertainment all in one place.

PUT YOUR LIFE ON IT<sup>®</sup>

# WD TV Live Hub

## Media Center

### Product Features

#### Centralize your media collection

Load up the built-in high-capacity drive to create your own media jukebox. Download movies and store your home videos and music for a stutter-free playback experience.

#### Get the best entertainment on your TV

Stream hit movies, view the latest viral videos, catch up on shows, stay connected to your social network, and watch highlights from the biggest games of the season.

#### Your media collection belongs on the big screen

Enjoy your media library, home videos, vacation slideshows, and favorite songs in Full-HD 1080p.

#### Enjoy media from any source

Stream videos, music and photos from your USB drive, network drive, digital camera, camcorder and any PC or Mac® computer in your home.

#### Enjoy live TV anywhere

Extend your living room TV experience around the home or around the world. Just add a Slingbox to stream live TV, watch programs on your DVR and more.

#### Play virtually any media file format

WD TV Live Hub supports a wide variety of the most popular files including MKV, MP4, XVID, AVI, WMV, and MOV video formats.

#### Shoot it on your smartphone, share it on your HDTV

Take a photo or video clip with your smartphone or tablet and upload it directly to the built-in hard drive on your WD TV Live Hub for playback on your TV.

#### Turn your smartphone into the ultimate remote control

Control your WD TV experience with the tap of a soft key or the swipe of a finger using the free WD TV Remote™ app.

#### Media formats
