# My Passport™ Ultra Metal Edition

## Portable Storage

### Dependable

Trust My Passport Ultra to help protect your precious memories and confidential files. You can set an optional password to activate 256-bit hardware encryption and add an extra layer of security for your private files. Because it's hardware-based encryption, it won't impact the speed of your transfers or slow down your computer.

### Huge capacity in the palm of your hand

With 4 TB of storage, you can take your all your photos, videos and music with you wherever you go.

### Powerful, smart backup software

With WD Backup™, our most powerful backup software yet, it's easier than ever to use and requires minimal system resources while it's running. Set a backup schedule to automatically safeguard your files on a schedule that fits your life. It can also back up to your Dropbox account to provide another level of file protection.\*

### Sleek design with high capacity

With extreme capacities in the palm of your hand, My Passport Ultra is an ideal companion for your laptop or compatible tablets. Available in a range of exciting colors, you can find your favorite and complement your lifestyle.

### Ultra-fast transfer rates

The power of USB 3.0 lets you access and save files in blazing-fast speed. Best of all, no separate power supply is needed.

### Works great with Windows

Formatted NTFS to work right out of the box with Windows. Download the free Windows 8 app to easily discover the digital media stored on your My Passport Ultra drive. Can also be reformatted to work with Mac OS X.

### You're in control

Configure, manage and diagnose your drive with WD Drive Utilities. Run drive diagnostics, erase and format your drive, register your drive and more.

### WD reliability

WD knows your data is important, so we build our drives to demanding requirements for durability, shock tolerance and long-term reliability. And for peace of mind, we back up our reliability with a 3-year limited warranty.

\* Dropbox account and Internet connection required for cloud backup. Cloud services may be changed, terminated or interrupted at any time and may vary by country.
