Highlights

Smoothness for up to 4 weeks

Double Action Technology synchronises long ceramic tweezers in continued actions to firmly grip and remove hairs as short as 0.5 mm. Get ready for smooth, hassle-free weeks ahead.

Our fastest epilator

Our tweezers rotate faster per minute than Braun Silk-pil 9. The wide epilator head with 50% longer tweezers removes more hair in one go*.

Engineered to be gentle

32 ceramic tweezers made of hypoallergenic material for a comfortable treatment. They easily glide over your skin with less friction and more skin contact*. Feels great on the skin, say 91% of women**.

Extra comfort in warm water

Our epilator is equipped with a Wet & Dry function for an even gentler epilation. Warm water relaxes your skin and makes the treatment more comfortable.

Handle with ease

Enjoy a firm and comfortable grip with the ergonomic S-shaped handle. Also cordless for maximum control and better reach all over your body.

Spot even the finest hairs

Spot even the finest hairs with the embedded Opti-light, close enough to your skin to catch the remaining hairs.

Shave and trim

Complete your hair removal routine for sensitive areas with extra shaver head and trimming comb.

Style your bikini line

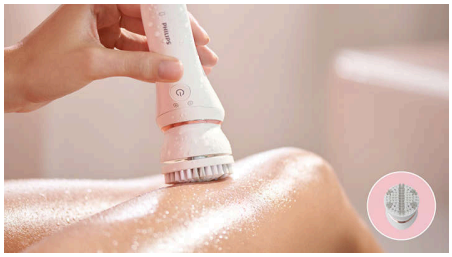

Trim shapes and bikini lines down to 1 mm. For an even, neatly groomed bikini area.

Smooth feet in minutes

Our 3-in-1 rotating precision disc gives you heel-to-toe smoothness in just 5 minutes. Use the flat surface for larger areas, the top for smaller areas and the curved side for hard-to-file areas. It's that easy.

Body exfoliation brush

Our body exfoliation brush with 48,200 hypoallergenic bristles gently removes dead skin cells, helps to prevent ingrown hair and stimulates the regeneration of the skin surface. This brush will exfoliate your skin more effectively than manual treatment alone.
