Highlights

2000 Watt motor

Highly efficient 2000 Watt motor generates max. 450 Watt suction power for perfect cleaning results.

HEPA AirSeal, HEPA 13 filter

This Philips vacuum cleaner has been designed in such a way that all the air taken in is passed through the washable HEPA 13 filter (99.95% filtration) before it is exhausted. No escape is possible.

Active fragrance control

To give a special fresh clean smell, each Jewel comes with a fully integrated and adjustable active fragrance control. Scent granules are available in blossom scent (FC8025) and lemon scent (FC8026).

TriActive nozzle

The TriActive nozzle cleans your floor in 3 ways in one go: 1) A larger opening at the tip of the nozzle easily sucks up big bits. 2) It has maximum cleaning efficiency due to optimized airflow through the nozzle. 3) The two side brushes sweep up the dust and dirt closely alongside furniture and walls.
