1.8 L detachable water tank, Integrated Styleboard, 3 steam settings, 36 g/min continuous steam, Up to 99.9% of bacteria* removed

STE1040/20

Highlights

Water tank

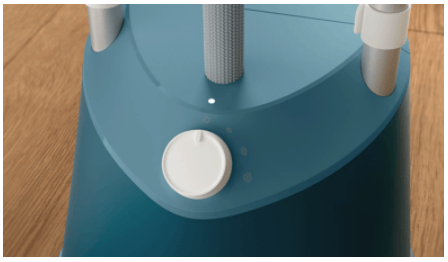

The large 1.8 L water tank can be detached for easy refill to ensure long steaming sessions with no interruptions.

Continuous steam

The steam engine produces 36 g/min of powerful, continuous steam to enable unwrinkling with only a few strokes

Steam settings

Set your preferred steam setting for optimal results on different fabrics. Use low steam for thinner fabrics and a more powerful setting for thicker fabrics and coats.

StyleMat/Styleboard

The Styleboard provides reliable support while steaming. Simply press the fabric between the steam plate and board for crisp results.

Fast heat-up

Whenever you need it, the steamer is ready in 45 seconds to help you with last-minute touch-ups.

Safe on all ironable fabrics

The steamer is safe to use on all ironable fabrics and garments. The steam plate can be safely pressed against any clothing with no risk of burning — a great solution for delicate fabrics like silk.

99.9% bacteria* removal

Prolonged hot steam kills 99.9% of bacteria and dust mites* and removes odours to keep garments fresh.

Adjustable pole(s)

The double poles can be adjusted to the desired height to hang your garments and steam them comfortably.

Accessories

Extra accessories are included with the steamer to enhance your steaming experience: a heat-proof glove for extra protection, a fabric brush for deeper steam penetration and a hanger on top for added convenience.

Specifications

Technical Specifications

Voltage: 220–240 V V, 110 V (TW) V
Material steam plate: Plastic
Pole(s): Double poles
Integrated wheels: No
Power: 1800 W, 1600 W (TW)
Country of origin: China
Steam rate: 36 g/min
Steam boost: No
Steam settings: 3
Steam trigger: No
Water tank: 1.8 L detachable
Accessories: Hanger, Glove, Brush
Packaging dimensions: 35 x 34.7 x 42.7 cm

Easy to use

Safe on all ironable fabrics: Even delicates like silk
Power cord length: 1.5 m
