Highlights

Multi-angle board

The integrated multi-angle board can be tapered and pivots to any position for a flexible and convenient experience. For horizontally ironing the most difficult fabrics or vertically ironing the most delicate garments. And everything in between.

Dual heating technology

Dual heating technology enables powerful steam penetration to eliminate creases with better performance than a steam iron**, ensuring that your garments look their best easily.

Ergonomic iron+ head

At half the weight of a regular steam iron***, the ergonomic iron+ head ensures you can decrease clothes in comfort.

OptimalTEMP technology

No burns, no worries; OptimalTEMP technology guarantees no burns on any ironable fabric, so you can iron everything, from jeans to silk, worry-free.

Kills 99.9% bacteria*

Kills 99.9% bacteria* to refresh and remove odors to keep garments fresh and prolong their life.

Detachable Base

The detachable base is portable to meet all your needs in the home: from steaming upholstery and curtains, to sterilizing furniture and beds. Simply disconnect and transport base and iron head as needed.

Flip hook

The top hook conveniently supports the hangers when ironing garments vertically or when stored. It folds easily when not in use or when ironing horizontally.

Integrated wheels

Integrated wheels conveniently support you to transport the device with ease and speed to wherever you need it.

No descaling needed

No descaling required thanks to the unique design of the dual engines. Ensuring long lasting performance without descaling.
